

THE CONSPIRACY TO DESTROY TAX COLLECTOR JAMES B. BARBER.

RUPPRECHT'S ROLE OF THE ARTFUL DODGER

Played Sick to Abstract a Book From the Tax Collector's Desk.

Mr. Barber Completely Vindicates Himself Before the Grand Jury.

It is just as well that the public should know that the attack on County Tax Collector James B. Barber is in pursuance of a scheme to get his office for Thomas M. Robinson, Chief Deputy of County Assessor Henry P. Dalton.

The attack is based on the retention in the hands of the Tax Collector of taxes paid in duplicate (not double taxes), the record of which is kept in a special book, which was abstracted by stealth from the Tax Collector's desk by Charles Rupprecht, another deputy in the office of Assessor Dalton.

This book was surreptitiously placed in the Tax Collector's mail box in the corridor of the Court House on the following morning, after peremptory demand was made on Robinson and Rupprecht for its return under threat of having the latter arrested.

This outrageous and wholly unjustifiable attack upon an upright and capable public officer is part of a scheme to kill Tax Collector Barber off politically and to drive Supervisor John Mitchell out of public life for daring to accept the Republican nomination for Assessor.

Mr. Dalton has selected his deputy Thomas M. Robinson to succeed Mr. Barber and City Councilman George Fitzgerald to fill John Mitchell's seat in the Board of Supervisors.

Rupprecht abstracted the book on the 11th of May. It was placed in the mail box wrapped in a newspaper, on the 12th. The President visited Oakland on the 13th. With the opening of the succeeding week a local newspaper with which Assessor Dalton is closely identified, began its assaults on the Tax Collector and emissaries have ever since been urging on members of the Grand Jury to make an investigation.

Finally the Grand Jury subpoenaed the Tax Collector to appear and make a statement. Mr. Barber made a clear and complete statement to the jury this morning. He stated:

1. That he retained the taxes paid in duplicate in his possession, to be returned on demand, to protect himself and bondsmen from liability.

2. That the law did not require him to pay such money into the county treasury and he could not pay it in without committing perjury.

3. That every dollar of duplicate taxes collected by himself and deputies

not hitherto returned, is now and al- ways has been in his possession, sub- ject to the order of the owners.

4. That an accurate record is kept of all duplicate taxes collected and of the money returned.

5. That he had acted on the advice of the District Attorney and of his personal counsel, George W. Reed, who assured him that he was obeying the law in all respects.

6. That he is prepared to account at any time to the proper person or au- thority for every dollar handled by him officially.

"I have returned the great bulk of taxes paid in duplicate," said Mr. Bar- ber, "to a reporter. The sum now re- maining in my hands is in the neigh- borhood of \$1300. About \$700 of this amount was paid in this year's taxes. I keep a record of duplicate payments for each year in a separate book, and notify the persons to whom the money belongs at the end of the year after I have made my final settlement with the Auditor and Treasurer.

"About one-third of this year's du- plicate taxes must be returned to one man, J. H. T. Watkinson, who has made duplicate payments to the amount of \$231.12. If I paid this money into the county I would have to swear that it belonged to the county and second would still be personally liable to Mr. Watkinson for the return of money paid to me by mistake.

"Double taxes and duplicate pay- ment of taxes do not mean the same thing. Double taxation relates to double assessment of the same piece of property. Duplicate payments re- lates to where the same assessment has been paid more than once. It often occurs that the same piece of prop- erty is assessed twice, sometimes to the same person and sometimes to dif- ferent persons. Those double assess- ments are a charge against the Tax Collector or the Auditor's books and must be accounted for in the ordinary way. It is the duty of the Tax Col- lector, if he discovers such double as- sessment in time to collect only one and make a sworn return to the Auditor of the facts. If he inadvertently col- lects both assessments he is required by law to pay the money into the County Treasury because he is charged with it on the Auditor's books. He must pay it in to make his settlements, and the owner can only get it returned by making a verified demand of the

Board of Supervisors within two years.

"Duplicate payments simply repre- sent private money that comes into my hands by mistake, and which I simply hold in trust for the rightful owner. Neither the Auditor nor the Treasurer has anything to do with it. The Auditor would not receipt it in unless I swore it belonged to the county, and the Treasurer would not receive it without the Auditor's certificate. In case I paid it in, it would have to be accompanied by a list of the names of the owners, and the law does not require the Treasurer to keep ac- counts of this character."

GEO. REED'S STATEMENT.

"Much stress has been laid on a de- cision rendered by the Supreme Court affirming the removal of one Varnum, Tax Collector of San Diego county, for retaining 'double' taxes and 'knowing- ly, wilfully and corruptly devoting them to his own use,'" said George W. Reed, attorney for Mr. Barber. "There the Tax Collector not only withheld money that the law required him to pay into the county but actually em- bezzled it. In my opinion, Mr. Bar- ber has no more right to pay dupli- cate tax payments into the county than he has to give it away in charity. He has no right to pay it to anybody but its lawful owner. The decision in the Varnum case has no application to Barber's. The law governing his con- duct is clearly stated in County of Mendocino vs. Johnson, 125 Cal. 387, a rule laid down subsequent to the Varnum decision.

"The court says:

"A payment to the Treasurer in a mode other than that expressly pro- vided by law would not exonerate the Tax Collector or his bondsmen from an action at the instance of the county, unless proof were made that the coun- ty actually received the money. In other words, the Tax Collector, or any other debtor of the county, is entitled to his acquittance from the county only when he has complied with the forms of law governing his payments into the treasury. If he sees fit to adopt an unauthorized mode of pay- ment, he will be exonerated when he can make it appear, not only that he has paid the money, but that the coun- ty has received it. The mere deposit with the Treasurer would not be proof sufficient thus to exonerate him. It would be in the nature of an individual deposit made at the party's private risk."

"The payment of duplicate taxes to the Treasurer as a deposit un- known to the law, would re- lieve him of a charge of em- bezzlement, but would not release the Tax Collector or his bondsmen from civil liability to the parties who paid the money. Stress is also laid on this section of the Political Code:

"All moneys, assessments and taxes belonging to or collected for the use of any county, city, town or other pub- lic or municipal corporation coming into the hands of any officer thereof, shall immediately be deposited with the Treasurer or other legal deposi- tory to the credit of such town or other corporation, respectively, for the benefit of the fund to which they respectively belong."

"This refers to moneys for which the Tax Collector is required to ac- count to the Auditor or Treasurer. There is no fund in which duplicate taxes could be paid in or lawfully charged to. If paid in, it would have to go into the general fund, and it is doubtful if the owners would have any way of getting it out. In any event, the Tax Collector's bondsmen would be

H. K. JAMES SAYS IT IS BRIBERY.

Wants Justice Tappan Removed From Office.

Filed Papers in Superior Court This After- noon.

Judge R. B. Tappan of Alameda and Attorney Howard K. James had a row in the former's musty little court room yesterday and today James has filed a contest of the election of Tappan with the County Clerk. James states that Tappan is guilty of bribery, as Tappan published in the papers prior to his election that in case the people saw fit to return him to office that he would turn his back at the mention of salary. James also claims that he is holding two offices, one as Recorder and the other as Justice of the Peace. James then quotes some of Tappan's election bait as follows: "I will accept the Recordership at a dollar a year for all services." "If you place me in the office of Recorder I will, under no circumstances, take any more money than that dollar out of my office, nor out of the people." "All of my papers will be filed in the Justice's Court and the fees will go to the city." These, James says, were bribes.

KILLED WHILE STANDING AT A FRESNO BAR.

Constable Twirled a Revolver, Drop- ped it on the Floor and it Exploded Killing Bystander.

FRESNO, Cal., May 29.—W. G. Proctor, formerly a United States Re- venue gauger, was accidentally killed this morning at the bar of a Mariposa street saloon by Constable John Dumas. The latter was twirling a revolver on his forefinger, Texas fashion, when the weapon slipped, fell to the floor, dis- charging one chamber. The bullet took an upper range and struck Proctor full in the breast and further rang- ing upward, severed the spinal cord. It

is thought Proctor fell without a groan, dead. Dumas was almost be- lieving himself after the lamentable af- fair.

Eye-witnesses agree in the retelling of the details that the homicide was ac- cidental. Dumas is under construct- ive arrest. Proctor leaves a widow in San Francisco. He was recently re- moved from the gauegship on account of alleged irregularities. He returned a few days ago to assume charge of a winery at Malaga.

ARRESTED AS A BRIGAND.

POLICE MAKE A RAID ON UNION IN MA- NILA.

MANILA, May 29.—Following the seizure and examination of the books of the Democratic Labor Union, the Gov- ernment today arrested President Dom- inadnor Gomez on charges of misap- propriation of funds, brigandage, frau- dent sales of stocks and organizing an illegal association. Over 100,000 pe- sos were collected in dues and contri- butions. The books show a deficit of 30,000 dollars. It is believed part of the amount was stolen before Gomz

was elected president. The Govern- ment charges that part of the fund was used to furnish arms and food to the insurgents of Rizal province. This, with correspondence with Guil- lermo and other leaders in the field, forms the basis of the brigandage charges.

The union has a membership of 15- 000, is closely affiliated with the Na- tionalist party and is strongly in sym- pathy with the insurgents. The ar- rest of Gomez has excited the natives and will increase the feeling of unrest in Manila, which has been disturbed lately by reports of the landing of arms. The situation, however, is not serious.

GRAND DUCHESS ON ROYAL BLACKLIST.

COUNTESS BEROLDINGEN. One of the richest and most popular beauties of the German Court.

THEY ARE KNOWN IN ROYAL CIRCLES.

GRAND DUCHESS OF HESSE, Formerly one of the most fascinating figures of the Berlin Court, but who invoked the displeasure of the Kaiser, and is now ostracized by German Society.

The Grand Duchess of Hesse, who, until about a year ago, was one of the most fascinating figures of the fashionable German world, is now dropped en- tirely out of sight and is subjected to the most severe ostracism, not only by the court of Prussia, but also by all who are connected therewith. In fact, anyone wishing to stand well with the Kaiser is anxious to become known as paying no attention to the young Grand Duchess, who enjoys the unique distinction of being the only lady of Prussian rank, who has been gazetted out of the Germany army in which she held the rank of colonel.

She separated from her husband several times and he finally secured a di- vorce from her on the ground of incompatibility of temper and her refusing to live with him. The Kaiser, King Edward, the Czar, who is married to a sister of the Grand Duke of Hesse, Prince Henry of Prussia, who is the husband of an- other sister of the Grand Duke, all endeavored to patch up the differences between the ill-matched couple, but failed. She refused to avoid a public scandal. The Kaiser became so incensed that he issued a general order to be published in the official gazette in Berlin, depriving her of the colonely of her regiment in the German army, and directing the officers in the regiment in question to remove her monogram from their shoulder straps and epaulettes and from their saddle cloths.

Two Sailors Fought a Duel With Razors.

SAN FRANCISCO, May 29.—The voyage of the City of Para, which terminated here last night, was one of the most eventful that has befallen the Pacific Mail liner. Two of the sailors had a dispute, a sailor was killed, a man from New York died from sunstroke, and another passenger ended his voyage by jumping overboard.

The names of the sailors were Stevens and Ward. While the trouble was between them, the crew could learn only of the Para this morning, everybody being dumb from the Captain down to the messboy. From all accounts the fight, while it lasted, must have been a desperate one, and things were pretty lively in the forecastle. The men slashed at each other and from the damage done it was evident that the weapons used had been well honed, and stopped. The men were at work for some time before the interference of the crew prevented murder. Stevens was badly hacked about the face and body, and Garcia's right arm was broken. The two men were left in the hospital at Panama.

The man who jumped overboard was James Thompson. He was a steeage

Paul Wagner, the name of the unfortunate man who died from sunstroke, was bound from New York for San Francisco, and was stricken while on his way out to the steamer at Panama. He died shortly after the Para sailed for the north and was buried at sea.

The plan which is being discussed in Sacramento and Oakland and kept to California teams of the Pacific National League constantly in fighting territory. The rival concern has an idea of the magnitude of the conflict. The notion of the northerly teams would be compelled to make the expensive trip to California that a more aggressive war could be waged in territory practically beyond their control. "In the case of the fourteen offices where the assistant postmasters are paid in excess of 50 per cent of the salary of the postmaster, the action was taken to secure uniformity and better administration. The law that the assistant postmasters' salaries shall not be to exceed 50 per cent of the salary of the postmaster, but it does not apply to the fourteen offices. In offices of the second class, The basis of compensation should be uniform in all offices of the first and second class. In this order. In seven offices where there appear to be eight persons who were in positions more than the law allows for the positions, the action was taken to be some explanation of this fact, but in any event an order has been issued for the removal of persons to the amount authorized by law. In other offices where persons employed under designation not known to the law. There is no doubt of the fact that the law allows for persons and they are properly employed but wrongly classified on the pay-roll. The assistant postmasters have been instructed to change their designations to the proper title."

PERALTA HEIGHTS CLUB AWAKE TO NEEDS.

MATTERS OF IMPORTANCE TO THAT LOCALITY RECEIVE NEEDED ATTENTION.

A well attended meeting of the Boulevard and Peralta Heights Improvement Association of East Oakland was held at the residence of H. D. Rowe on Athol avenue on Wednesday evening. Matters of general interest not only to that district, but to the whole of Oakland, were discussed.

A communication was received from the City Clerk, stating that at a recent meeting of the Park and Boulevard Committee of the City Council, the petition of the association regarding the improvement of the land for park purposes between the Eighth-street bridge and the Twelfth-street dam, was considered, and that it was the opinion of said committee that owing to lack of funds nothing could be accomplished in the matter this fiscal year, but presumably the work would be considered by the Bond Committee.

A resolution was passed unanimously by the association, commending the promptness of the city officials in changing the lines of the little park at the intersection of Second avenue, East Eighth-street and the Boulevard, to conform to the lines of said streets, in accordance with a request of the association.

Regarding the recent petition of this club to the Board of Public Works and City Council requesting the establishment of the boundaries of Lake Merritt, it was decided not advisable to press the matter at this time, as it was understood that said city officials had their hands full just now considering other needed improvements, and it is the policy of this club not to hamper with too many requests, but to assist in every way possible the present administration in the discharge of its duties.

A committee was appointed by the president to secure, if possible, the consent of the property owners on East Nineteenth street, between Fourth avenue and Athol avenue, to have said street improved. No official numbering of the houses in the Peralta Heights district ever having been ordered by the city or street signs placed, the secretary of the club was instructed to petition the Board of Public Works to order said work done.

Several new names were on application added to the membership list of the association. The next meeting will be held at the residence of R. A. Stearns, 121 Athol avenue, on Wednesday evening, June 24th.

FINANCE.

The report of the City Attorney on the repayment of premiums on surety bonds furnished by city officials was filed.

The request of City Treasurer Patton Taylor for an additional working force of clerks to make up tax rolls was laid over in committee.

The report of the City Wharfinger that it would require \$200 to repair the City Wharf was laid over in committee.

It was recommended that the Fire Department be given the sum of \$480 to pay eighty-one call men during the third and fourth days of July.

ORDINANCE AND JUDICIARY.

The ordinance accepting all dedicated streets was ordered recommended passed to print.

The ordinance regulating prize fights was laid over, as none of the representatives of the athletic clubs were present.

The ordinance regulating the practice of fortune-tellers and seers was laid over, as a new ordinance is being drawn.

STREET COMMITTEE.

The petition of Elizabeth McNeil to change the grade on East Twelfth street, between Twenty-third and Twenty-fifth avenue, was recommended.

It was recommended that the width of the sidewalks on Talcott avenue be changed from fourteen to ten feet.

It was recommended that twenty days' notice of sidewalk work be given to the residents on the east side of Fallon street, between Seventh and Eighth streets.

The resolution to sewer East Fourth street and sewer East Fifth street to the bay at a cost of \$14,000 was laid over in committee.

The application of Mrs. C. Lishor to connect with a cross-lot sewer on Eighth street, near Webster street, was referred to the Sanitary Inspector for a report.

The application to change the grade of East Nineteenth street, between Twenty-second and Twenty-third avenues was recommended denied.

The petition of W. H. Leimert to change the grade on Hillside avenue was recommended.

LIQUOR LICENSES.

The following applications for permission to obtain liquor licenses were recommended: James McManus and J. Land, 1785 Seventh street; J. McMurray and J. Lwall, 867 Broadway; J. A. Bettencourt, 5333 Shattuck avenue.

STREET RAILROADS.

It was recommended that the Oakland Transit Company be allowed to extend its tracks on Forty-seventh and Grove streets.

FIRE AND WATER.

The resolution instructing the City Engineer to prepare estimates for establishing a plant to sprinkle the street, with salt water was recommended.

STREET LIGHT.

It was recommended that an electric light be placed on the corner of Fifty-fifth and Grove streets.

ENTERTAINMENT AT ST. MARY'S SCHOOL.

Last evening the boys of St. Mary's school, corner of Seventh and Jefferson streets, gave a musical and literary entertainment in Elite hall, corner Twelfth and Webster streets, which was thoroughly enjoyed by the large crowd who attended. A special feature on the program was a three act farce entitled "Vacation" which was amusing in the extreme, providing much merriment among the spectators. The program list was as follows: violin solo, Gustaf Olson; recitation, "How I Speak My Piece," Freddie Shay; vocal duet, "Beautiful Moonlight," Paul Gilbert, Percy Elliott; concert recitation, "The Gladiator," class; action song, "Copy," Turvy; recitation, "The Pilgrims," Chickens Before They're Hatched, Jeremiah Rordan, Charles Coughlin, Milton Grant; vocal duet, "Fairly Chorus," Percy Elliott, solo and chorus, "Id Like to Hear That Song Again," Charles Coughlin, soloist; recitation, "Meaning of the American Flag," Lawrence Fitzpatrick; march and drum band, "The Stars and Stripes," theoric class; selections, orchestra.

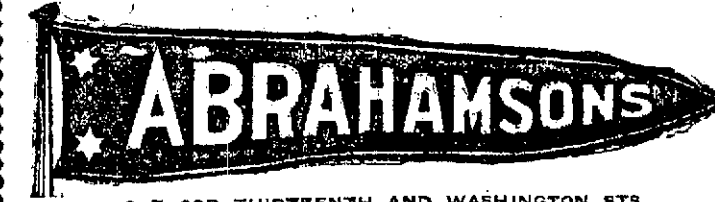

Part 2—Dialogue, "Taking a Train to Mauro," Raymond Faneuf, William Blais, Charles Purcell; solo and chorus, "The Meaning of the American Flag," William Gloria; vocal quartet, "The Old Kitchen Clock," S. M. S. Gle; club; recitation, "The Brave Firmman," Joseph Lavorel; three act farce, "Vacation," Chickens Before They're Hatched, William Gloria, Stanley Hess, Emmet Carr, Regis Starrett, Charles McGary, Sylvester Fitzpatrick, Oswald Tweedle, Lawrence Fitzpatrick, William Courtney; selections, Arthur Doherty, "No Flag Like the Red, White and Blue," choir; march and Indian club exercise, first callisthenic class, (accompanying march composed by Prof. Louis von der Mehden); grand chorus, St. Mary's school; baseball march, choir; distribution of premiums.

The members of the choir are: George Shields, Jeremiah Rordan, Charles Purcell, Daniel Paulin, William Phillips, Granville Martin, Charles Coughlin, George Gallagher, John Pedro, Arthur Purcell, Robert Barclay, John Peterson, Arthur Kelly, Milton Grant, Milton Paccassi, Edward Connors, Andrew Peterson, Edward Doherty, William Courtney, Lawrence Russell, Thomas Stanton, William Gloria, Francis Kelly, John Smith, Sylvester Fitzpatrick, Stanley Hess, Wallace O'Connor, Percy Doherty, Joseph Lavorel, Raymond Faneuf, Joseph Lavorel, Raymond Faneuf, Augustus Olson, William Connolly, Joseph Ferguson, William Brown, Henry Borgerding, Bernard Burke, Edward Martin, Leopold Prevost, Edward Doherty, Edward Dunne, Paul Gilbert, Emmet Galvin, Dunne, Paul Gilbert, Charles Vogel, Francis Roach, Joseph Curran, William Lahr, Louis Azavedo, Homer Aubry, John White, Emmet Fisher, John Dempsey, Dan Cronan, Francis Flynn, William Sheehan, Francis Lantry, Vincent Hogan, Harry Kennedy, Michael Walsh, George Hupp, Lloyd Ferguson.

The instrumental music for the evening was under the direction of Prof. Louis von der Mehden, Sr.

A GREAT DISCOVERY
In Electro-Chemical Science.

ELECTRO-MAGNETINE, a recent discovery of Dr. R. V. Pierce, of Buffalo, N. Y., is an Electro-Magnetized and Ammonio-Camphorated Cream Liniment.

POSSESSED OF MARVELOUS PROPERTIES.
ELECTRO-MAGNETINE is believed to be the only preparation yet devised for curative purposes endowed with such peculiar properties that when applied to any part of the human body, accompanied with brisk rubbing with the naked hands, it causes an active and energetic electro-magnetic force to be set up in the parts to which it is applied. The wonderful potency of this peculiar form of electro-magnetic force, individual, or animal, magnetism, or whatever it may properly be termed, in curing certain forms of human maladies has been demonstrated beyond the possibility of doubt.

Whether ELECTRO-MAGNETINE is actually charged with electro-magnetic properties infused into it in the process of manufacture, or whether it serves merely as a medium through which electro-magnetic forces are developed by active rubbing and which are, through it, transmitted or applied to the parts operated upon, we are not yet quite prepared to say, but of one thing we are certain, viz: That the combined use of ELECTRO-MAGNETINE with active rubbing is much more efficient in a curative way than either of these agencies employed separately.

The free application of the ELECTRO-MAGNETINE to Swollen Joints, accompanied with vigorous rubbing with the bare hands, sets up in the affected parts such an active electro-magnetic action as to greatly promote the circulation of the blood through the swollen parts and thereby hasten absorption and consequent reduction of swelling, stiffness, soreness and pain.

IMPORTANCE OF THOROUGH RUBBING.
Too much stress cannot be laid upon the importance of thorough and vigorous rubbing of the parts after a free application of the ELECTRO-MAGNETINE. In fact, rubbing is kept up in the face of ELECTRO-MAGNETINE has placed as quite dry free from oiled feel look due to the application of the Cream Liniment.

WEAK BACKS MADE STRONG.
By a somewhat protracted use of ELECTRO-MAGNETINE, accompanied with thorough rubbing, or massage, weak backs are made strong. Sore Muscles and Lame Backs, whether arising from strains, over-exertion or Rheumatic Conditions of the system, are relieved, as if by magic, by the thorough application of this remedy. Foot-ball and base-ball players are among those who find its praises of it an giving most prompt relief from Muscle pain, lameness and Soreness caused by over-exertion and strains.

Especially has ELECTRO-MAGNETINE shown its power to cure Obstructed Cases of Swollen or Enlarged and Stiffened Joints, whether arising from Rheumatic, Gouty or other conditions of the system, which cause inflammation, effusion and consequent enlargement of the joints.

IN ALL CHRONIC OR LINGERING AFFECTIONS.
For the cure of which ELECTRO-MAGNETINE is a curative way, when applied two or three times daily, as above directed—not omitting thorough rubbing with the bare hands.

OWNERS OF LIVE STOCK
Should know that ELECTRO-MAGNETINE is quite as effective, in a curative way, when applied to horses and cattle suffering from Sprains, Bruises, Lameness, Swollen or Stiffened Joints and kindred affections, as when applied to human flesh. Sold by druggists and dealers in medicines, throughout the United States and Canada, at 50 cents, or sent post-paid by the manufacturers on receipt of this price in postage stamps or postal order.

LAWYER ARRESTED FOR BATTERY GRADUATE FROM HIGH SCHOOL

M. WENCESLOW PREFERS CHARGES AGAINST THOMAS K. CASE OF SAN FRANCISCO.

ALAMEDA, May 29.—Thomas K. Case, a lawyer, whose office is in the Parrott building in San Francisco, was arrested at his home, Chestnut street and Pacific avenue last night by Police Officer Brown on a charge of battery. The lawyer was immediately afterwards liberated, his own recognizances and will be asked to plead before Justice Cone at 10 o'clock tomorrow. It will be remembered that Case, on the afternoon of May 17th last, accompanied P. N. Barrett, a San Francisco teamster to the old Baum homestead on Santa Clara avenue and it was charged that in an effort to expel the occupant, M. Wenceslow, Barrett assaulted him seriously. Barrett was arrested and tried for the alleged offense but the jury disagreed. It cropped up in the evidence that Case was in some manner a participant in the expulsion and it was Wenceslow who swore out the warrant for his arrest.

FARCE TO BE PRODUCED.
ALAMEDA, May 29.—A farce entitled "The Three Hats" will be produced under the auspices of the Encinal Literary Society in Armory Hall this evening.

WILL REPORT TONIGHT.
ALAMEDA, May 29.—E. B. Bullock, the expert appointed to audit the books of the Municipal Electric plant and who has been engaged on that work for the past two weeks, will probably make his report to the City Trustees in committee of the whole tonight. It is understood that Bullock has discovered nothing seriously wrong, but found the system under which the books were kept not up-to-date.

MARRIED IN HONOLULU.
ALAMEDA, May 29.—News has reached here that Miss Edna Jones, formerly of this city and a graduate of the State University, was married in Honolulu on February 17th to John Hall, manager for the San Francisco firm of Hiram, Ralph & Co., who own large plantations in the islands. Mrs. Jones, Mrs. Hall's mother, returned from Honolulu a few days ago and is now residing in San Francisco.

YOUNG COUPLE MARRIED.
ALAMEDA, May 29.—William R. Tabor of this city and Miss Grace A. Gibson of Palo Alto were married at 1 o'clock this afternoon in the First Presbyterian Church, the Rev. Frank S. Bush officiating. The attendance was limited to relatives and close personal friends of the young couple. The groom is well known and connected in Alameda, being proprietor of the Park Street Cycles, and brother of Charles and Edward Tabor, both employees of the Alameda Bank. The mother is Mrs. Tabor of Regent street.

ODD FELLOW HONORED.
ALAMEDA, May 29.—Deputy Coroner James Fowler has been highly honored by the Odd Fellows. Yesterday he received his credentials as district deputy grand master of the eighty-first district. He received this appointment at the recent session of the grand lodge in San Francisco. Mr. Fowler is a prominent member of Encinal Lodge, No. 161, I. O. O. F. His promotion gives him supervision over this lodge as well as over Columbia No. 40 of this city and the Elmhurst lodge at San Leandro. He has been a member of the fraternity for many years and has received the endorsement of a number of lodges for the office, which has been conferred upon him.

SAYS BOYS QUARRELED.
ALAMEDA, May 29.—Police Officer Brown last night arrested J. D. Harbin, a resident of Buena Vista avenue and Sherman street, on a warrant secured by a boy named George Bullman, charging Harbin with assault. Harbin alleges that Bullman has been maltreating his son. The case will be called before Justice Tappan at 2 o'clock tomorrow afternoon.

EXERCISES IN ENCINAL THIS AFTERNOON WAS LARGELY ATTENDED.

ALAMEDA, May 29.—The graduating exercises of the High School took place in the assembly room of the school at 2:30 o'clock this afternoon and were very largely attended. President Frank Otis, of the Board of Education occupied the chair. The graduation address was delivered by Professor Morse Stephens of the University of California. Diplomas were distributed to successful students by Dr. A. V. Scott, principal of the school. A list of the winners has already appeared in THE TRIBUNE. Today closes the term for the seniors in the school. The school will remain open until next Friday, when in conjunction with all the public schools of the city, it will be closed for the eight weeks' summer vacation.

ALL IS QUIET.
RUMORS OF GATHERING OF MOUNTAINEERS-POLICE DOUBLED.

LOUISVILLE, Ky., May 29.—Advice from Jackson, Ky., this morning, indicate that all is quiet. There was some firing during the night, but nobody was hurt. All mountain passes into the city were guarded during the night by our posts of militia. Rumors are persistent that the mountaineers are gathering and will make an attempt to release Jett and White and the vigilance committee has been doubled. The galling and Hotchkiss guns are now in place believed to be the most advantageous to the troops and for the protection of the jail. Nothing is known further about Captain J. H. McSwain, who left yesterday afternoon.

DEATH AGAIN KNOCKS AT A WIDOW'S DOOR.

BERKELEY, May 29.—Edgar Kellogg, the fourteen-year-old son of Mr. Kellogg of 1611 Virginia street, died last night from pneumonia. The boy was very bright and had a brilliant future. His death was unexpected and because he was the eldest son of his widowed mother, his father having been drowned about a year ago near Woodland.

COLONIAL ENTERTAINMENT.
There will be a delightful Colonial entertainment and dance at Maple Hall tonight given by the Oakland Chapter No. 140, Order of the Eastern Star, under the direction of Mrs. Charles Poulter, who will be assisted by a number of popular artists from San Francisco and Oakland. A number of musical numbers will be rendered and a dramatic sketch entitled "A Pair of Lunatics" under the direction of Miss Hilma Butler, will also be given.

Those who will participate in the farce are Miss Ethel Abbott and Henry Miller, while the "Barbed Wire" will be sung by Miss Marguerite May, Miss Edith Smith, Miss Marie Remillard, Miss Wanda Griffin, Miss Marilla Gilbert, Miss Edna Parsons, Miss Helen Ward, Miss Margaret Jackson, Miss Ada Belle Butler, Miss Etta Kurtz. Other numbers on the program are: Flute duet, Charles J. Noble and Howard Taylor; court mime, Master Fred Hoy, Miss Esther Williams, Miss Wanda Griffin, Miss Beatrice Dexter, Miss Helen Ward, Miss Edna Parsons, Miss Hazel Hanson, Miss Marguerite May and Miss Ethel Smith.

The hour committee will be made up as follows: M. Braun, Charles Hoffman, C. Wood and Major Charles Poulter.

Confide in a Woman

Women may write about their ills to Mrs. Pinkham, and avoid the questioning of a male physician. They can tell their story without reservation to her; she never breaks a confidence, and her advice is the best in the world.

The questions asked of a woman by a male physician are embarrassing, and often revolting to a sensitive nature. In consequence the whole truth is not told; this makes it difficult for female troubles to be successfully treated even by the best physicians, and is the reason so many women grow worse rather than better. A woman understands a woman better than a man, — there are symptoms which sick women have that a man cannot understand, simply because he is a man, but the whole truth may be told to Mrs. Pinkham, and her vast experience enables her to give advice which leads to a cure.

All women who suffer should secure Mrs. Pinkham's advice; it costs nothing but a letter addressed to her at Lynn, Mass. Female troubles are real troubles, and must be treated understandingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound have been helping women to get strong and well, and her great file of letters prove that more than a million women have been restored to health and strength by her advice and her medicine when all other means have failed.

When you go to a druggist for Lydia E. Pinkham's Vegetable Compound, do not let him persuade you to try something which he says is just as good; there is nothing just as good, because Mrs. Pinkham's medicine holds the record for the largest number of cures of any female medicine in the world.

LAWYER CALLED DOWN

JUDGE TAPPAN RESENTS AN INSULT IN ROUND TERMS.

ALAMEDA, May 29.—"I regard that as a personal insult. If I were not where I am I would do more than talk to you. You would not dare to insult me on the street. Hereafter when you appear within my court I will see that you keep within the bounds of respect." These remarks were addressed by Police Justice Tappan yesterday to Attorney Howard K. James and it looked for a few minutes as if the judge intended to walk down from the bench and make good his word on the floor of the Recorder's court room. A boy named Max Sternsher was being prosecuted by the Poundman who claimed that Sternsher used vile language. The accused claimed that the language he addressed was caused by a cow, which the Poundman was taking to the Pound, stamping on his toe. The case was being tried with a jury of only four men when Judge Tappan expressed a wish to pass the case to Judge Cone. This drew the remarks from Attorney James: "You have taken much interest in prosecuting this case that you might as well continue it to a finish." It was these remarks that aroused the ire of the judge. The jury found the boy guilty. Sentence was suspended.

FINISH TONIGHT.

PRESBYTERIAN ASSEMBLY IS COMPLETING ITS LABORS.

LOS ANGELES, May 29.—The commissioners of the Presbyterian General Assembly assembled tardily this morning for a business session of Immanuel Church, the press of yesterday's many events having left them somewhat indisposed for work today. Among the subjects taken up at today's sessions were Mormonism, theological seminaries and temperance, all of which there was lively discussion. If no unforeseen obstacle arises, the General Assembly will have practically completed its work by tonight and will be able to adjourn with a short session tomorrow. Tonight a temperance meeting will be held at Immanuel Church, at which Lucy Laney, the eloquent neгрess, will speak and at the First Presbyterian Church, Moderator Doyle will preside at a young peoples' meeting.

IMPRISONED LADS GIVEN FREEDOM.

George Ash and William Stellich, the two lads arrested by a railroad detective near Hayward under the suspicion that they were train crooks, were released from prison this morning on their own recognizance, after having spent nearly a week in prison. The boys' statement is to the effect that they took some obstructions they found off the track, but instead of being rewarded they were thrown in jail. Nothing in the way of proof having been forthcoming to show that either of the lads was implicated in the affair they were charged with Deputy District Samuel and Justice of the Peace Quinn today allowed the boys their freedom to appear at any time they may be required.

OAKLAND TRIBUNE William E. Dargie, President

CONCERNING DISTORTED EDUCATION.

A man who is opposed to free speech and liberty of thought is unfit to be the head of a great educational institution. He may be technically learned, but true learning can never be fostered by a policy of proscription and a determination to have facts stated not as they are but as some one wishes them to be. The influence of such a man does not promote the cause of genuine education, but rather serves to stifle originality and destroy independence of mind and character. He would treat the plastic mind of the student as the Chinese do the feet of their girl infants, and the result would be mental deformity and premature decrepitude of the faculties.

A system which allows no freedom of thought or expression among instructors is the fruit of a despotic attempt to treat mind as matter and principles as concrete forms to be altered, changed and transmuted to suit the ideas or purposes of the person clothed in authority. This system threatened Galileo with the stake unless he recanted a scientific truth. It established the Spanish Inquisition. It was the inspiration of the boast of Louis the Fourteenth, "I am the State." The Grand Monarch has been dead for more than two centuries, but the State still lives, and it has cast off the system of which Louis was a product. Universities can outlive a policy of suppression, repression, and proscription inaugurated by a small man of illiberal spirit, clothed with large authority, but the present harm can never be eradicated. Louis the Fourteenth did his part in bringing about the French Revolution, but the memory of that bloody protest against despotism and proscription still causes mankind to shudder.

There is a lesson in the terrible consequences that resulted from the overthrow of a pernicious system. An institution created and maintained by the people to promote the enlightenment of man and the ascertainment of truth in all its forms cannot permit its mission to be distorted to the serving of personal ambitions and the repressing of intellectual liberty without suffering great and lasting injury. Liberty of thought is as essential to educational development as liberty of conscience is essential to the development of spiritual life. When faculty and students are required to think and believe and order their conduct according to lines laid down by a narrow egotist of selfish mould and despotic temper, the lamp of learning is made to give forth only such fitful gleams and in such directions as suit his personal designs and personal predilections.

These facts have a pregnancy that demand special consideration at this time, irrespective of persons or incidents, for they involve a question of vital import to the people of this great commonwealth and also another question of interest as wide as the civilization of the planet.

The earthquake in Armenia has deprived the Sultan's Kurdish troops of the pleasure of murdering a thousand or two Christians. Thus the visitations of Providence afflict Christian and Moslem alike.

NOT A FEASIBLE PROPOSITION.

After the employees who met in New York to organize against the trades unions adjourned, D. M. Parry said to a reporter:

"Neither the labor agitators, the proletariats, the ecclesiasts nor those who are seeking to arrange arbitration meetings, nor the press have any idea of the tremendous movement that is under way among all classes of employers all over this country. Without regard to politics, religion or petty rivalries the men who have their money and their interests centered in manufactures of every description have reached the conclusion that they must act as a unit in a general movement insuring them the control of their own capital. They have granted shorter hours and cheerfully paid higher wages but they will not yield the right to decide how they are to conduct their own business."

Mr. Parry will find it very difficult to carry out any program that ignores the wishes and existence of the laborers, the farmers, the press and the pulpit. The right of him and his associates to control their own business is conceded. It should never be disputed, and when trades unions attempt to trench too far on the property rights of employers they commit a fundamental injustice and make a sad mistake. But in the mouths of men like Mr. Parry the expression "right to manage property" involves a great deal more than the phrase legitimately implies. It can be construed to mean that the employee has no rights that the employer is bound to consider. In any event, it is safe to say that no general program defining the relations between capital and labor which ignores the laborers, farmers, the press and the pulpit can be carried out. The elements are too large and important to be ignored.

MAKESHIFTS NOT WANTED.

When the people of Oakland build a new City Hall they should erect a structure commensurate in architectural design and dignity of proportion to the wealth and importance of the city, not only in the present but in the prospective. The edifice should be a permanent adornment to the city.

It is suggested that we build a cheap, temporary structure that will be outgrown in a decade or two. It would be supreme folly to spend money on any such makeshift. Behind the suggestion is a speculative design, which opposes the erection of permanent public buildings within the present business limits, or immediately adjacent thereto, in the vain hope that the commercial center of the city may be carried off in the future to some private reservation.

While the hope is absurd and illusory, cherishing it causes some most mischievous advice to be gratuitously offered to the citizens of Oakland, advice that is prompted by a desire to injure the owners of property in the seat of the present commercial activities of the city of Oakland.

Leaving this aside, however, for more practical considerations, the erection of a cheap, temporary City Hall means the expenditure of a much larger sum in the near future to erect another one. Viewed in its proper light, \$500,000 may be too small to meet the cost of a building of sufficient nobility of form and amplitude of dimension. Assuredly half that sum is too large to be thrown away on a building for temporary use. It is economy to buy a suitable site and build for several generations to come. It would be unwise and extravagant to build with an eye to buying another site and erecting another building in a few years. A debt incurred in pursuance of any such scheme would be a debt created in folly to obtain money to be wasted.

Oakland has got along for many years with a temporary structure for a City Hall, and when her citizens get ready to erect a municipal building, the edifice will be one which will adorn the city and be the pride of its inhabitants, not another makeshift that will inspire contempt for the public spirit of the Athens of the Pacific.

From the looks of things Andrew Carnegie would have done better to have donated his money to building a monument to peace instead of a temple for its worship.

ASHAMED OF TILLMAN.

The South is getting back to its old moorings. All over Dixie the editors are berating Ben Tillman, the pitchfork statesman from South Carolina, for his recent attack on Grover Cleveland. When Tillman announced in 1894 that he was going to Washington armed with a pitchfork with which to prod the President, there was considerable applause from the Bourbon centers in the land of cinnamon seed and sandy bottom. But times have changed, and Tillman has come to be regarded as a bull in the Democratic china shop. He is very useful to the Republicans as a terrible example. That the Houston Chronicle realizes this is shown in these pointed remarks:

"Benjamin R. Tillman of South Carolina is emphatic in his disposition of Ben Cleveland as a presidential possibility. Benjamin R. Tillman is always emphatic. The quality of eruptive emphasis is indeed his only commanding characteristic. That quality has made him notorious—it cannot make him great. He has never been of value to the party in council, and he is quite too violent and intemperate to be of use to it as a warrior."

The Populist craze that brought men of Tillman's stamp to the fore has run its course, and the South is now heartily ashamed of the boish vulgarity and coarse brutality so ostentatiously displayed by the South Carolina demagogue. Whether he speaks of prodding the President with a pitchfork or of "putting a nigger's face in the sand," he sets the teeth of cultivated Southerners on edge. It hurts their pride to see such a coarse vulgarian as Tillman sitting where C. Johnson, Hayne, De Saussure, McDuffie, Butler and Hampton once sat with grace and dignity and with honor to South Carolina. Despite their prejudices they were able and distinguished men, imbued with exalted ideas of honor and civic responsibility. Within the limitations of their narrow and somewhat proscriptive creed they were statesmen. Above all they were gentlemen.

Tillman is neither statesman, scholar nor gentleman. He is not only coarse and brutal, but he is narrow, ignorant and bigoted, of domineering temper and intolerant spirit. He is the antetype of such men as Calhoun, Hampton and Butler, who were the planks of dignity, courtesy and refinement. He hates the old planter class from which they sprang and the school of statesmanship they represented. All he has inherited of their political creed is the mean, cruel hatred of the "poor white" for the "nigger." He is the type of the overseer not of the planter.

It is a good sign when the South repudiates and grows ashamed of such leadership. Tillman is an affront to decency. No State can afford to be represented in the highest legislative body in the nation by a man whose mentality and personality are alike contemptible. Tillman is hard r for South Carolina to bear than for the Union. He is a greater curse to the North than to the South. To the Democratic party he is an affliction. But he is done. He is only the last of the big Populist spree the Democracy went on when Bryan knocked the head of the barrel in and started the wildest political orgy this country has ever known.

The Pennsylvanians have just as good a government as they deserve. A people that will submit to government by boodlers and bosses will not be greatly bothered about gagging the press. The present regime in the Keystone State has been so signally endorsed at repeated elections that it seems authorized to do anything its leaders see fit to suggest.

The President of Stanford University does not manifest the snobbish affectation of contempt for the newspapers that is conspicuously displayed by educators of smaller merit but larger assurance. Dr. Jordan always stands ready to commend that which is worthy of praise. This disposition is shown by a letter he wrote to the New York World commending that journal for its anniversary number.

Compressed Air House Cleaning Co.—Dear Sirs:—I must send you a little note and tell you how much pleased I am with the work done by the Compressed Air Canine Cleaning Machine.

The work is perfectly satisfactory in every respect. The carpets have been so thoroughly cleaned that it would be impossible to give a half teaspoonful of dust through a cloth which was laid over them.

They are also bright and restored in color the pile raised. The upholstery is as fresh as new and clean as the day it came from the store.

The mattresses are all that time. The exacting housekeeper can do no more.

You may count me among your satisfied customers who will take great pleasure in telling others of the comfort, speed and absolute cleanliness to be derived from cleaning their homes cleaned by the new process, Compressed Air.

You may use this letter at any time. It will be of very use to you in your business. Very truly,

MRS. E. W. PURINGTON,

**INDEPENDENCE CLUB URGE CITY
COUNCIL TO COMPLETE
COMMERCE STREET.**

The Independence Square District Improvement Club met last evening at St. Anthony's Hall.

committees on Seventeenth and Eighteenth avenues. President Welch stated the substance of their reports, which were

very favorable for the improvement of these avenues.

Henry, chairman of committee on lights, submitted his report and proposed Mr. Fleming, who stated that he had been over the district with the committee and thought that the district was entitled to at least one light, and one which with the change of location of club would give the club a light. His remarks were received with applause.

The circular letter prepared by the executive committee and which was published in the Standard, was read and each member requested to take copy, fill out and return it to the secretary. The committee also requested copies, which were furnished. The thanks of the club were tendered to the Enquirer, Herald and TRIBUNE for their kind interest and for their full account of the previous meetings.

Councilman Aiken addressed the meeting, calling attention to the hitch in the matter. He advised the club to adopt a resolution asking the Council to make a street from Second street to Second and East Seventeenth street at once.

Councilman Wallace explained in detail the difficulties encountered on Commerce street and the necessity of a new assessment district and opening the street from East Twenty-second street south.

Mr. East made a motion, which was adopted, that the club should be authorized to draw up a petition to the City Council for grading and filling in the street from Second street to Second street over until spring and other streets.

this district, the committee to report at the next meeting.

City Engineer Turner addressed the club in relation to the work on Eighteenth avenue and the Sixteenth and Seventeenth street connection, and tendered his aid and assistance to the committee in their preparations for this work, for which he received the thanks of the club.

Mr. Estey moved that the club endorse the project of annexing a certain portion of Fruitvale to Oakland and urge the

Council to call an election for such purpose, and the motion was unanimous.

Messrs. Stewart and Foote of the Highland Park Club, Professor Inskeep, President Hopkins and Mr. Jeffries of the Twenty-third Avenue Club and others addressed the meeting, all promising cordial co-operation with this club in its efforts for improvements and requesting recognition.

All the speakers were of the firm con-

Letters were read from Councilman Messe, chairman of committee on streets of the Council, and Superintendent of Streets Ott regretting their inability to have a meeting, promising their assistance to the club.

The president reported having received telephone messages of regret from city officials who had been unable to attend the last meeting, promising to attend some future meeting. Mr. Welch stated that the policy of the club was to invite several of the city officials to attend each meeting of the club, until all had

next meeting of the club, on June 10, Mayor, Hon. Warren Olney, would

present and address the members on the topics of the day in Oakland.

Other matters of interest, only second to the foregoing, were discussed by the club, and the meetings was a pronounced success.

The thanks of the club was voted to all those present from other clubs and to the city officials for the interest they had shown in its affairs and the aid and advice tendered.

At 10 p. m. the meeting adjourned until June 10 at the same place.

GANS LEADS IN STAG CLUB IS A TENNIS GAMES BETTING. WINNER. SCHEDULED.

CHAMPIONSHIP CONTEST WILL TAKE PLACE THIS EVENING. TAKES FIRST PLACE IN FIELD GAMES WITH LINCOLN SCHOOL. CONTESTS WILL BE PLAYED ON THE EAST OAKLAND GROUNDS.

Tonight, about 10 o'clock, William Fitzgerald, whose home is in Brooklyn, and Joe Gans, of Baltimore, will climb through the ropes of a twenty-four foot ring at Mechanics' Pavilion, in San Francisco, to meet in a twenty-round contest for the light-weight championship of the world, which Gans has held against all-comers for a number of years.

JOE WALCOTT GETS DECISION.

Joe Walcott was given the decision over "Mysterious" Billy Smith at Portland last night, after four rounds of the best fighting ever seen in Portland. The match was to have gone twenty rounds, but Smith's seconds were forced to throw up the towels as their man broke his left hand in the third round and was practically helpless.

AMATEURS WILL PLAY BASEBALL.

On Sunday afternoon there is to be a matched game of baseball played on the Hesmer grounds at Golden Gate, between the Bon Tons of Golden Gate and the Vincent O'Connors. The teams will meet for a side bet and an interesting game is looked for.

THIS HORSE HAS A RECORD AS A JUMPER

DRAPES VEILS REDUCED

The vogue of the drape veil—and who is there who will gainsay its summer popularity—is based on more than a fashion flurry. It is one of the most sensible, comfortable and fetching veils ever devised. It adorns the hat and gives dash and finish to a summery costume.

We have received a too heavy consignment of these veils and to effect a quick sale have reduced them about one third. They are of chiffon in white, black, black and white and white and black. They are embroidered and bordered with lace or ribbon, or are hemstitched. Prices follow:

\$1.50 Drape Veils now \$1.00
\$2.00 Drape Veils now \$1.40
\$2.50 Drape Veils now \$1.75
\$3.00 Drape Veils now \$2.00
\$3.75 Drape Veils now \$2.50

THE PROPER LOCATION

Look along the California Northwestern Railway and you will find it. The road runs through the large and fertile Marin, Sonoma, Santa Rosa, Russian River, Ukiah and Willits Valleys. A heavily wooded mountain range bounds this section on the west and protects it from the fogs and cold winds of the Pacific Ocean. Another range on the east separates it from the heated section of the interior. In the valleys a well protected place for this section, so well protected is found mineral springs, rivers, lakes and streams in every direction. Every taste and want can be satisfied here, and in accord with a moderate or well-kept purse. To help in the selection of a place for your summer outing, the California Northwestern Railway publishes every year a book called "Vacation." This year's edition, "Vacation 1933," contains over 100 pages, beautifully illustrated, and is complete in its detailed information. It is a pleasure to the letter addressed to R. K. Ryan, the General Passenger Agent.
